WASHINGTON, DC 20006

142 WEST 57th STREET, 11th FLOOR
NEW YORK, NY 10019

The Organization: Miller & Company P.C.

Position: Customs International Trade Attorney (Import/Export)

Location: Kansas City, MO

The Organization:

[Miller & Company](#) is a Kansas City–based professional services firm known for delivering high-quality solutions and trusted advisory support to clients across a range of industries. With a strong commitment to client relationships, operational excellence, and results-driven service, Miller & Co. partners with organizations to help them solve complex business challenges and achieve sustainable growth. The firm’s collaborative culture, experienced leadership team, and dedication to customer success make it a valued partner to businesses throughout the Kansas City region.

Our firm is a nationally recognized international trade law practice advising companies on U.S. import, export, and Foreign-Trade Zone regulatory matters. Our attorneys work with manufacturers, technology companies, and global supply chain organizations navigating complex international trade regulations and government agency requirements.

The Opportunity:

This role is intended for attorneys currently practicing international trade law in a law firm or comparable legal advisory environment.

Our practice focuses on sophisticated legal advisory work, helping clients interpret and navigate evolving international trade regulations, supply chain challenges, and government enforcement activity.

Essential Functions:

- Attorneys in this role advise clients on a wide range of international trade matters, including:
- Tariff classification and valuation
- Country of origin determinations and marking requirements
- Customs compliance concerns, audits, and prior disclosures
- Protests and administrative advocacy before U.S. Customs and Border Protection
- Trade Remedy matters including AD/CVD, PGAs, Sections 30, 232, 201 and 122
- Export control compliance under EAR, ITAR, and OFAC sanctions regulations
- Export licensing, export classifications, and jurisdiction determinations
- Internal compliance program development and client training

Our practice focuses on legal advisory work for companies navigating complex international trade regulations rather than internal corporate compliance management.

Attorneys initially work alongside senior partners while developing increasing responsibility for client advisory matters and eventually managing client matters independently.

Education and Experience Requirements:

- 5–10 years of experience practicing international trade law
- Strong experience with U.S. Customs import regulations and export controls
- Demonstrated ability to analyze and advise on complex regulatory issues
- Excellent research, writing, and analytical skills
- Ability to manage multiple client matters and deadlines
- Strong interpersonal and client communication skills
- Active U.S. bar license required

Professional Environment

Attorneys in our practice work directly with experienced trade practitioners and have regular interaction with clients and government agencies. The role provides meaningful exposure to complex regulatory issues and opportunities for professional development within a specialized international trade practice.

Location

Our office is located in Kansas City, Missouri, offering a high quality of life and significantly lower cost of living than all major legal markets.

Hybrid or remote arrangements may be considered depending on experience, with occasional travel for client meetings.
